CAMPBELL FARMS

Moffat, Ontario

We Welcome You ...

It is with genuine pleasure that we present the catalogue for our second "all-imported" sale to be held at Campbell Farms on Saturday, September 1st, 1951. The cattle offered in this sale are the result of two buying trips to Scotland. Each animal was personally selected and any individual that did not measure up to a high standard of quality was not included in the sale list.

It is a great pleasure to be able to present to the Shorthorn fraternity a group of imported cattle with all the individual merit and carefully preserved blood lines that can come only from the great breeding establishments of Scotland and England.

If you attend this sale we are confident that the quality of the cattle offered will exceed your highest expectations. The Campbell family will welcome you, hoping that your visit will be profitable, most pleasant, and a happy occasion for you and your family.

A Suggestion...

We would suggest to anyone coming from a distance to the sale, that they plan to spend Sunday in Ontario, and on Monday, September 3rd that they attend the judging of the Shorthorns at the Canadian National Exhibition, Toronto.

Because of the large number of Shorthorns in this area, the late Will Johnson often referred to this part of Ontario as "the Aberdeenshire of America", and we are always pleased to help visitors see as many of these herds as possible. We know there are more herds and more good Shorthorns to be seen in the Guelph-Toronto area than there were even in the days when Will Johnson was a regular visitor. So why not plan to spend a day or two and see for yourself. You will be most welcome wherever you call.

Imported Sale Heifers
on Pasture at Our Farm

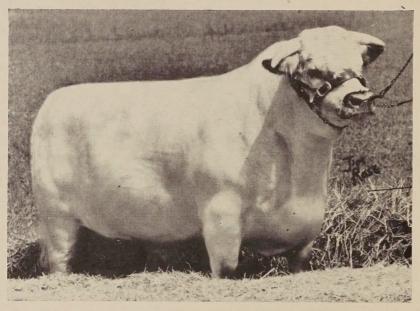

KIRKTON BARONET

Recognized as one of the greatest bulls in Shorthorn history.

This sale offers a "never before" opportunity to secure the service of three of Kirkton Baronet's greatest sons:

CALROSSIE COCK ROBIN (imp)
CALROSSIE DAZZLER (imp)
KIRKTON HERCULES

CALROSSIE COCK ROBIN (imp)

We do not need to make any comment on the breeding and individual merit of Calrossie Cock Robin. His calves here at the Farm are uniform, good colored, and altogether they are the kind that we had hoped he would breed. The most pleasing prospect is that we have every reason to believe that he is going to be a breeder of outstanding bulls. While his calves are too young to be offered in this sale, we do feel that we are giving breeders a great opportunity to get the service of Calrossie Cock Robin, when we offer thirty-five females in this sale, to be sold safely in calf to him.

It has been most pleasing for us to have such good reports from buyers in our 1950 sale who bought females in calf to Calrossie Cock Robin. Without exception, the buyers have been most enthusiastic about the calves from these matings.

CALROSSIE DAZZLER

One of his daughters

TOLQUHON DAZZLING PRINCESS
Supreme Champion at the Royal Winter Fair,
Toronto, and International Livestock Show,
Chicago, 1950. Owned and shown by P. F. Law,
Weston, Ontario.

One of his sons

TOLQUHON AUTHORITY

Outstanding stockbull in the herd owned by
E. A. Manning, Hornby, Ontario.

The History of Calrossie Dazzler to Date

Calrossie Dazzler was Reserve Champion at the 1948 Inverness Show and Sale, where he was purchased by Mr. John Sleigh, for use in his Tolquhon herd. Since that time Dazzler has become one of the best known and most respected stock bulls in Scotland, and his name is equally famous in Canada and the United States.

He is the sire of Tolquhon Dazzling Princess, Supreme Champion at the Royal Winter Fair, and the following week this young heifer won the same award at the International Livestock Show, Chicago, for Mr. P. F. Law of Weston, Ontario. Never before in Shorthorn history has any one animal been awarded the Supreme Championship at these two shows.

Only one bull by Dazzler has been exported to Canada. He is Tolquhon Authority (imp) owned by Mr. E. A. Manning, of Hornby, Ontario. Breeders who have seen this good bull agree that he is certainly one of the outstanding imported bulls in the country.

Dazzler is also the sire of Tolquhon Eliza 16th (imp) sold at the recent Acadia Farms sale for \$2025. The two remaining Dazzler females that have been exported are in Canadian herds and are not for sale.

John Sleigh has retained a group of heifers at Tolquhon by Dazzler that prove him to be a consistent breeder of good headed, top quality cattle. In fact this is one of the finest gruops of heifers we have ever seen in any breeder's herd, and these heifers will be the nucleus of a new breeding herd at Tolquhon.

The selling of Calrossie Dazzler (imp) presents the only opportunity ever offered to individual breeders or to a group of breeders to buy a "proven" imported bull, a sire that has bred a Canadian and International Supreme Champion, and which will continue to breed outstanding bulls and females, that will win in the Show ring and have a truly constructive influence in Canadian or American Shorthorn herds.

Calrossie Dazzler is active and sure, and he passes all the necessary health tests that will allow him to go to any State, Province or Country. Several of the females listed in this sale are in calf to him.

Possibly it should be added that a year ago we realized that Mr. Sleigh would eventually reach a stage in his breeding operation when he would not require the service of Dazzler. We therefore asked for and received an option to buy the bull if and when he was to be sold. As we already have Calrossie Cock Robin (imp), a bull that is proving himself a stock bull with a top rating, we are offering Calrossie Dazzler (imp) for sale to the highest bidder on September 1st.

BAPTON ACTRESS 29th (imp)—Without doubt, breeders the world over are agreed that the Bapton Actress family is one of the most desirable of all Shorthorn lines of breeding. Among the many notable animals from this family are the stock bulls, Bapton Upright, Bapton Battleship, and the female Champion at the 1949 Royal Highland, Bapton Actress 10th.

This heifer affords every good breeder in America, an opportunity to secure a foundation female from one of the greatest families in Shorthorn history.

Bapton Actress 29th is sired by the best breeding son of Glastullich Fortress, and note the grand sires, Calrossie Command, and Calrossie Control.

Cluny Edgar Command was a high priced bull at Perth.

Calrossie Air Control requires no comment.

Mated May 15th, 1951, to CALROSSIE GAMECOCK, the dark red, maternal brother to Calrossie Cock Robin (imp). The first crop of calves by Gamecock at Bapton indicate that he is going to be an outstanding breeding bull in this great herd.

Harthill Goldie 3rd was purchased at a high price by Mr. Rank because she was regarded as the best representative of the Goldie family that could be found in Britain. An outstanding January heifer calf by Calrossie Gamecock is being retained for our breeding herd.

Harthill Goldie 3rd was re-mated May 17th to KIRKTON HER-CULES, the best son of Kirkton Baronet at the 1951 Perth sales. This 5,000 gns. son of the great improver was admired by everyone, and we predict that he will prove to be a great breeding bull in the Bapton herd.
